

KALDEWEI

SERENITY FOR THE SENSES

Scona – awakens emotions

CONTEMPORARY DESIGN

Scona – precision in every detail.

With its floor-level shower area, SCONA expands its KALDEWEI AMBIENTE Collection. High quality KALDEWEI steel enamel and the latest technology create a shower which suffuses every bathroom with a unique feeling of wellbeing. Its geometric shape with sharp radii fits a contemporary design line. Standing in striking contrast to this line are the round details and the gentle slope of the shower area. This sensuous design flows harmoniously to a centrally placed circular drain cover.

Special features:

Coordinated Colours Collection

Coloured waste covers
