

INNOLINQ

INNOLINQ

Industrial plugs and sockets for sustainable, safe and high-performance connections "Made in Germany." All products are lead-free, fully recyclable and already compliant with upcoming EU REACH and RoHS regulations. This allows us to combine maximum environmental compatibility with top performance. Every detail is optimized for industrial requirements: ergonomic design, high stability, larger contact surfaces and optimized plugging and pulling forces ensure safe, durable and efficient connections – even under extreme loads. The 16A and 32A variants come standard with QUICK-CONNECT, for fast, convenient and secure conductor connection.

Resource-saving

Lead-free, fully recyclable and already compliant with upcoming REACH and RoHS regulations.

VDE-certified

Guarantees tested, safe and standards-compliant products; additionally verified in our own testing laboratory.

Secure connection

QUICK-CONNECT ensures a controlled conductor connection, resistant to vibrations and temperature fluctuations, visibly and audibly locked.

Improved ergonomics

Optimized contours for easy handling, secure grip and effortless opening of the hinged cover.

Extremely robust

Manufactured from durable, recyclable materials for maximum longevity.

Screwless installation

No tools required thanks to QUICK-CONNECT for 16A and 32A – fast, convenient and reliable.

Wall mounting socket outlet INNOLINQ 16A/32A IP54

- Enclosure dimension: 92 x 94 mm
- Screwless terminals
- The cable entry is one at top open and one at bottom and one rear side closed
- Protection degree IP54
- Contains no lead
