

KNIPEX Quality – Made in Germany

KNIPEX TubiX® XL – Pipe Cutter

The perfect cut for larger pipes with QuickLock mechanism

Quickly and precisely cuts large diameters of metal pipes
between \varnothing 6 and 76 mm (1/4" – 3")

KNIPEX TubiX® XL

Pipe Cutter

Significantly easier pipe cutting due to the combination of the QuickLock mechanism and guide rollers with needle-bearings

- ▶ Spring-loaded QuickLock mechanism holds the tool on the pipe once locked in place
- ▶ Precise and quick: exact positioning of the cutting wheel on the pipe
- ▶ High-quality needle-bearings enable the cutting wheel and four guide rollers to cut with ease
 - > Cuts pipes from Ø 6 – 76 mm (1/4" – 3") and a wall thickness up to 2 mm
 - > Cutting wheel made of high-grade ball-bearing steel
 - > Quick replacement of the cutting wheel without any tools needed – spare cutting wheel stored in the handle
 - > Lightweight and durable aluminium housing
 - > Removable, precision-ground deburring tool
 - > For plumbing, heating and air conditioning: easily cut gas and water pipes made of copper, brass and stainless steel
 - > For the electrical trade: cuts rigid steel conduits and for stripping steel wire armoured cables

QuickLock locking mechanism

The spring-loaded cutting wheel keeps the KNIPEX TubiX® XL in place and prevents slipping.

In one easy step, the KNIPEX TubiX® XL can be positioned quickly and precisely on all pipes with a diameter between 6 and 76 mm.

The precisely ground deburring tool can be taken out of the tool when needed.

A spare cutting wheel is stored in the blue handle for quick replacement.

High-quality needle-bearings in the guide rollers and the cutting wheel reduce the friction for easier cutting.

The cutting wheel is easily replaced without any tools.

For cutting copper, brass and stainless steel pipes with a wall thickness up to 2 mm and diameters from 6 to 76 mm (1/4"–3").

Information on the smaller KNIPEX TubiX® for pipes up to 35 mm: www.knipex.com/tubix
