Novelties 2025

NEW

Are you ready for new **IDEAS** and sustainable solutions? Prepare to be inspired by our **NEW BATHROOM FURNITURE** and spectacular **INNOVATIONS**.

COLOURS FOR LIFE.

Hidden away in
colours are harmonies and
contrasts that come
into play all by themselves.

Vincent van Gogh

Bathrooms are living rooms.

They greet us in the morning and welcome us back in the evening. They are where we start the day, and where we withdraw to prepare for the night. In short, the design of our bathroom shapes our whole attitude to life.

Yet many people find it difficult to come up with good combinations of colours and materials – especially in the bathroom. What harmonises best? What has a timeless appeal? Our materials library will answer these and many other questions. And we will give you the inspiration to create the bathroom of your dreams.

What else do we offer? New product lines, new colours and new ideas for your bathroom. Prepare for a journey of discovery!

A design favourite reinvents itself

sys20 MOTO 44-63
Stylish framing, dazzling variety

sys30 64-73
Trendsetter for dream bathrooms

INNOVATIVE 74-75
Refuse compromise. Be bold. Create amazing designs. With innovations that bring more comfort and improved hygiene to your bathroom.

SUSTAINABLE 76-77
Take responsibility. Lead the way on environmental and climate protection with your choice of high-quality, long-lasting products.

Options may vary by country.

The materials library is your guide to the world of colours and surfaces – developed by burgbad and Studio Besau-Marguerre. The idea behind it: we classify colours and surfaces into light and dark, cool and warm – across timeless tones such as grey or beige.

Homely or stylish, classic or modern?
How should your dream bathroom feel? Our materials library will help you make decisions about colours and surfaces.

Dive in and discover powerful colour concepts from dark and warm to light and cool.

CLEVERLY COMBINED.

**MATERIALS
LIBRARY**

DARK WARM

Dark, warm colours create a feeling of comfort and well-being in the bathroom. In combination with gold highlights and natural materials such as wood or stone, the result is a sophisticated but soothing atmosphere.

DARK COOL

The mix of intense and cool tones, tiles and fabrics will make you feel awake. Surfaces and details in dark grey drifting into black exude elegance. A cool combination with an agreeably calming effect when lights are dimmed in the evening.

LIGHT WARM

Delicate beige and earthy tones combined with light-coloured wood for a minimalist style that takes up current design trends while appearing harmonious and warm. Colour highlights and natural woodgrain add vitality.

LIGHT COOL

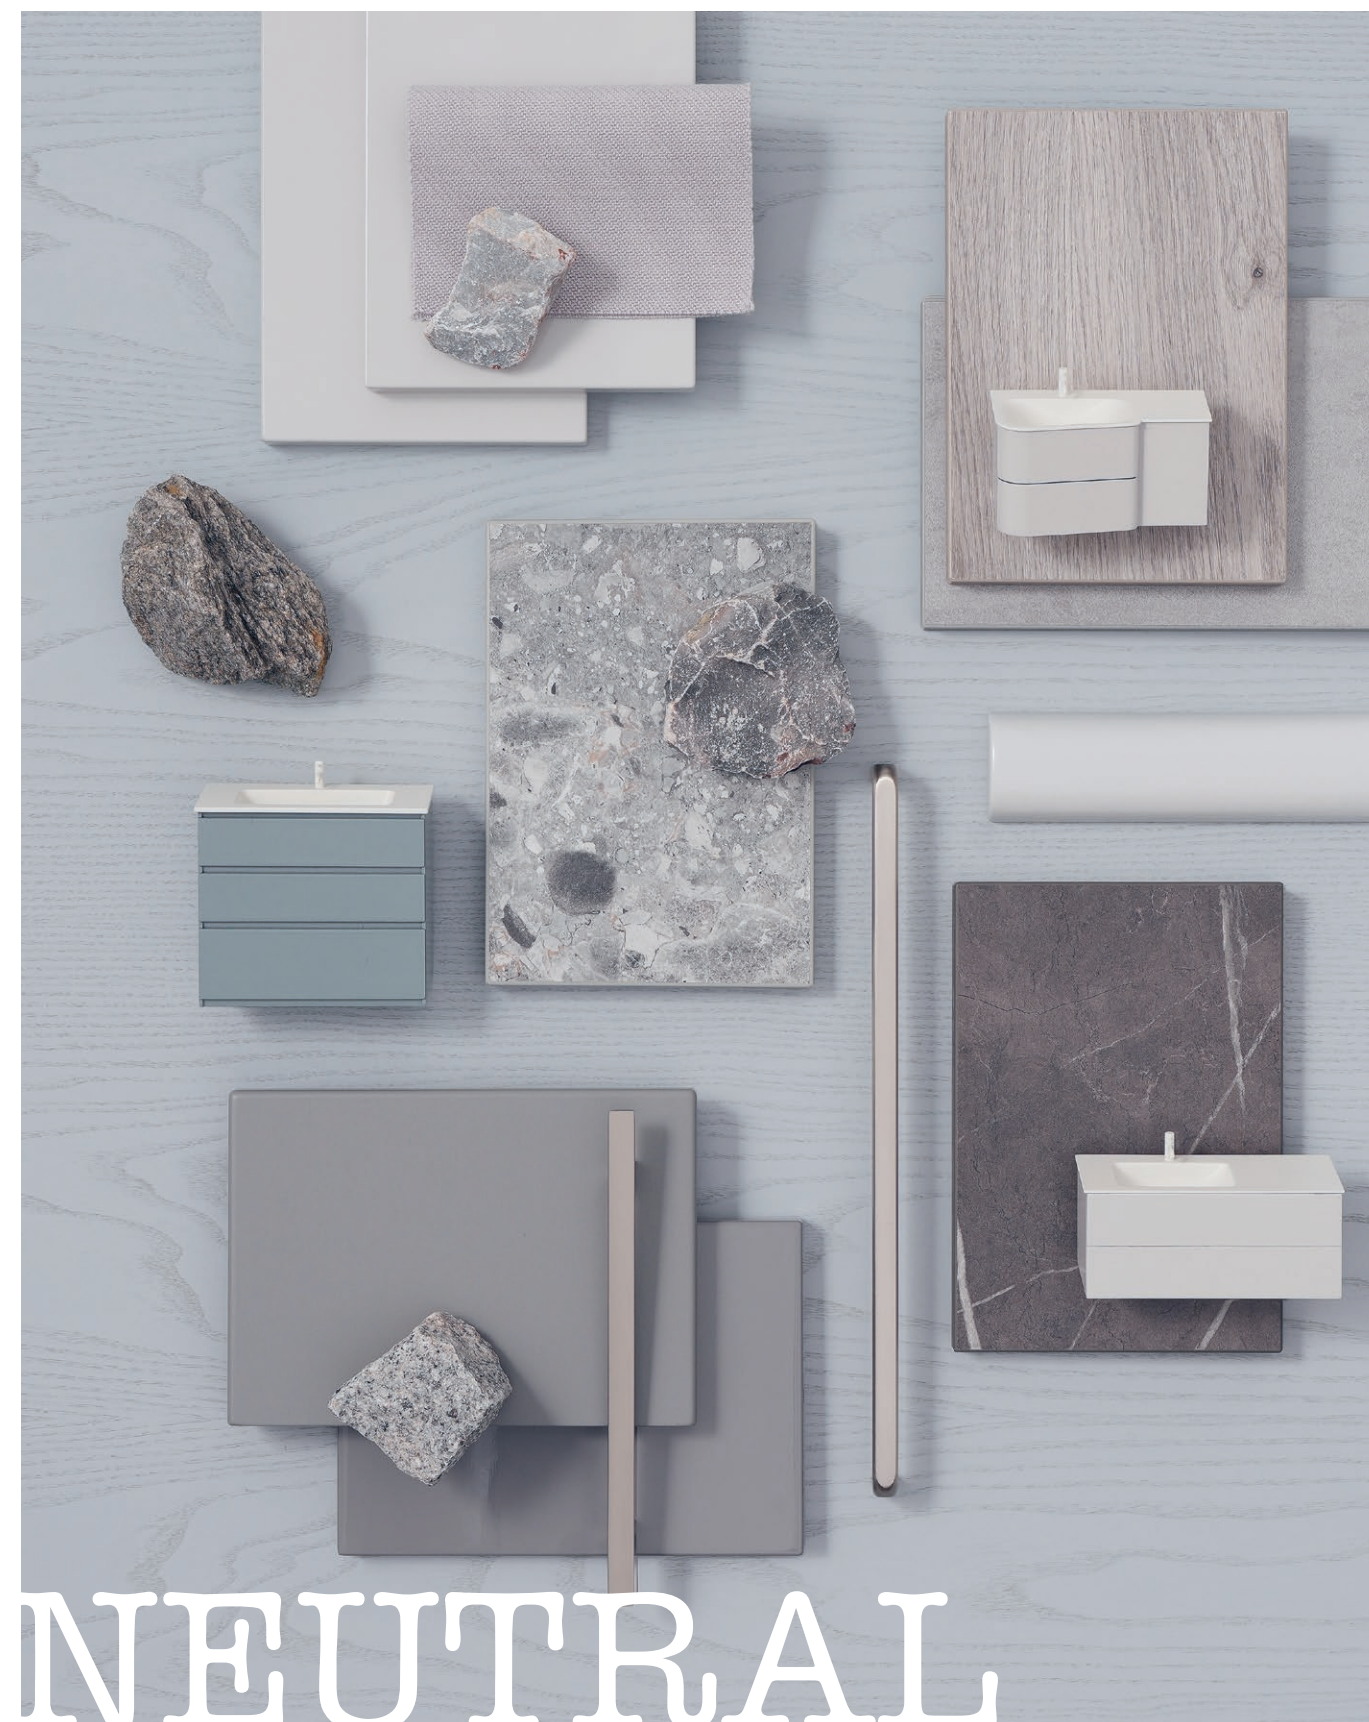

An invigorating combination of light and fresh pastel shades complemented by cool grey and chrome in a subtle palette of colours. For a guaranteed good mood!

NEUTRAL WARM

Neutral can mean reserved. Here, however, neutral stands beige and grey together to inject warmth into a pure

Neutral can mean reserved and minimalist. Here, however, neutral stands for soft shades of beige and grey together with muted pinks to inject warmth into a purist design that is both subtle and elegant. Variations on a theme.

NEUTRAL COOL

Grey is a popular colour for the bathroom. The trick is to take cool pastel shades from the palette and use them on the walls, fronts and fabrics. In combination with white and marbled surfaces, these deliver timeless results.

Grey is a popular colour for the bathroom. The trick is to take cool pastel shades for the fronts and fabrics. In combination with stylish marbled surfaces, these deliver timeless designs in classic grey.

EQIO

fresh & versatile

WELL ORGANISED. Lots of laying surface on top and a generous vanity unit below: the new Eqio Slim ceramic washbasin offers plenty of space for all your everyday essentials. And it also looks timeless elegant.

**PRODUCT
OVERVIEW**

Small bathroom, lots of things? No problem.
With Eqio, there's room for everything.
Especially in combination with neat additions –
our cabinets and sideboards.

APPLAUSE, PLEASE. Eqio returns with gleaming new colours and fronts. Its high-quality lacquered surface is now also available in pearl grey matt and sage grey matt: a homage to the colours of nature.

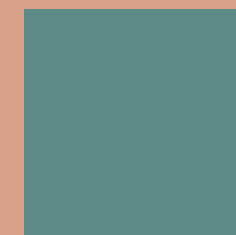

Best of all, the high-quality lacquered fronts from sys10 come at no extra cost – and, as ever, with fast delivery times and in a host of options.

The award to Eqio (from the burgbad sys10 line) of the "Blue Angel", German federal government's environmental label, was confirmed in January 2024. (Valid for Germany.)

Eqio + sys30 + rl20. Find the perfect combination for your dream bathroom and create more style and more storage space for your needs.

Be well organised!

SMALL AREA, BIG ROOM. Lots of bathroom in just a little space? It can be done. At burgbad, you can mix and match your favourite product lines – sys30, for example – and combine an Eqio washbasin with one of our cabinets to create your dream pairing.

6,6 m²

BRIGHT SIDE. Our new rl20 mirror cabinet with all-round LED light strip is a shining example of smart bathroom design. Whether surface-mounted or recessed – the rl20 underscores the versatility of Eqio and co.

Furniture

Mirror cabinet rl20 SPVL080
Ceramic washbasin incl.
vanity unit SHBT082
Mid-height unit sys30 UHFU120

Surfaces

Front of vanity unit: Pearl grey matt No. F6944
Front of mid-height unit: Sage green solid matt No. F5966
Handle: Black matt G0200
Washbasin: Ceramic white No. C0001

Marriage of equals:
Eqio forms a powerful union with the flexibly
sized units from our sys30 line.

**FRESH DESIGN AND
FLEXIBLE DIMENSIONS.**

The new mid-height unit
from sys30 opens without
handles. At the top of the unit,
the doors form a recessed
handgrip; behind is a shelf
complete with railing. You
select the dimensions, colour
and material – typical sys30.

MANY TALENTS. Cabinet, mirror, storage
space – plus integrated light and power.
The rl20 mirror cabinet meets all these
requirements – as does the sys30 full-length
mirror, complete with a slimline design for
narrow bathrooms.

New colours,
lots of space
and neat de-
tails. Brilliant
prospects for
your favourite
bathroom.

Whether a bright light for applying make-up or a warm light for comfort: the rl20 mirror cabinet features an all-round, glare-free, LED strip with dimmer plus continuous light-temperature control. Also fitted with an E-box complete with USB-C ports. The mirror cabinet is available in both surface-mounted or recessed variants. Either way, there is plenty of storage space hidden behind the mirror doors. Circular economy with style: the rl20 mirror cabinet bears the RAL quality mark “Circularly Sustainable Furniture” and stands for longevity, efficient use of resources and easy to repair.

Furniture

Inner surface: anthracite grey

SIMPLY BEAUTIFUL. Melamine surface in new classic oak decor.

MATT AND MINIMALIST. Pearl grey matt makes Eqio into a timeless classic.

ON-TREND COLOUR. Sage grey matt lends Eqio a natural freshness.

CLASSIC WHITE. White matt lacquer surface with elegant chrome handles.

Elegantly geometrical. The mineral cast washbasins from Eqio have fine edges and are precision-manufactured.

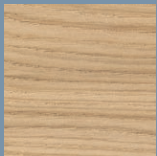

Endless possibilities. Eqio is an all-round talent: suitable for any ambience, any amount of space and any decor style.

FIUMO 2.0

elegant & vibrant

A WASHBASIN WITH FINE LINES. With its bevel-edged basin, this elegant model in mineral cast flaunts its classic design.

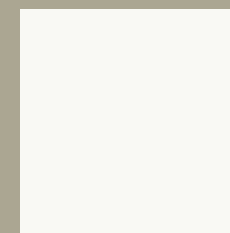

**PRODUCT
OVERVIEW**

The world turns, and Fiumo 2.0 turns with it: horizontal ribbing becomes vertical fluting. Form and colour combine to create a play of light and shadow.

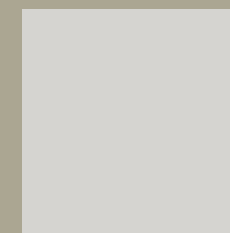

VERTICAL LINES. Fiumo 2.0 rethinks surfaces: with vertical fluting, thermo-formed surface and front flowing down to the floor. The result is a more slimline bathroom.

Observant viewers will also notice Fiumo 2.0's modified fluting: lighter, looser, generously rippling.

sys10 FIUMO 2.0

Vertical fluting, soft matt colours,
distinctive features: right on trend,
Fiumo 2.0 combines fashionable
design with individual details.

CLEAN LINES, STYLISH DESIGN. Fiumo 2.0 is also a natural choice for large bathrooms. At 1,420 mm, the mineral cast double washbasin and split drawers provide plenty of room. With a mirror cabinet to provide lighting and even more storage space.

Delivered to your home within two to four days – and no limits on the wide range of options. That's the art of Fiumo 2.0.

With finely textured 3D fronts and soft vertical fluting, Fiumo 2.0 marries minimalism to a stunningly sensual design.

Mineral cast washbasins with vanity unit in five widths. The fluted fronts are available for all drawers or just the top one.

SINEA 3.0

floating & organic

Floating and gently curved, our Sinea washbasin is more sympathetic than ever. Offering loads of space, wrapped in a design that effortlessly reinvents itself.

GENTLE MINIMALISM. With curved fronts plus plenty of ledge, shelf and storage space, Sinea 3.0 brings elegance and calm to your bathroom.

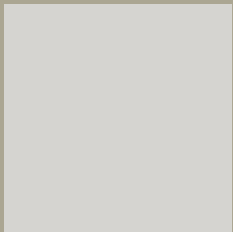

PRODUCT
OVERVIEW

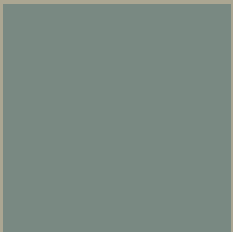

NO HANDLES, NO PROBLEM.

The mineral cast washbasin floats above the vanity unit, where the curved design creates recessed handgrips for opening the drawers.

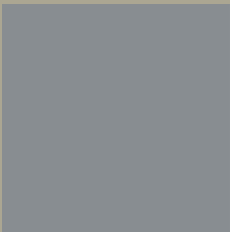

With Sinea 3.0, you decide whether the handgrip trim is in the same or a different colour. This also applies to the front: 3D thermoformed or lacquered; wood decor or colour. The choice is yours!

Convex and concave: Sinea 3.0 is formed into an organic curve – inspired by rolling landscapes and unspoilt nature. For bathrooms of all shapes and sizes.

A new flow.

AGREEABLY NEAR. Thanks to the curved shelf, you can get up close to the mirror – and gain valuable storage space at the other end. The LED unit floating above ensures optimum lighting.

RICH IN CONTRAST. Whether tall or mid-height, the units from Sinea 3.0 all feature a wavy design. Here, the high-contrast handgrip trim is shown to its best effect.

LOADS OF SPACE AND CHARACTER. Discreet yet playful, simple but flexible. With its asymmetrical slimline design, Sinea 3.0 is a neat choice for your bathroom.

MOTO

stylish & atmospheric

Moto can be bright and colourful or cool and functional. But, most of all, it is refreshingly new. Framed in black or white, it offers a diverse choice of designs.

SPECIAL COLOUR CONCEPT. Created by the design studio Altherr Désile Park, and inspired by the colour square paintings of the artist Josef Albers, Moto creates an intensive atmosphere without being overpowering.

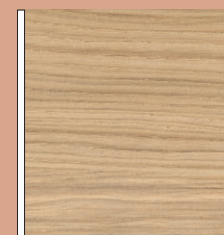

**PRODUCT
OVERVIEW**

STRAIGHT BUT NOT SIMPLE.

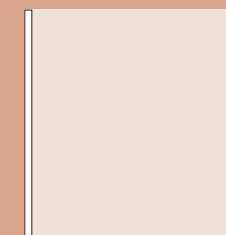

Moto has many faces – colourful or pure, and with a melamine, lacquer or veneer surface. A constant feature is the distinctive border that frames the washbasins and units, giving Moto its clarity and form.

Life is colourful, so is *Moto*.
Earthy tones generate a warm
radiance, framed by linear
edges and a geometric design.

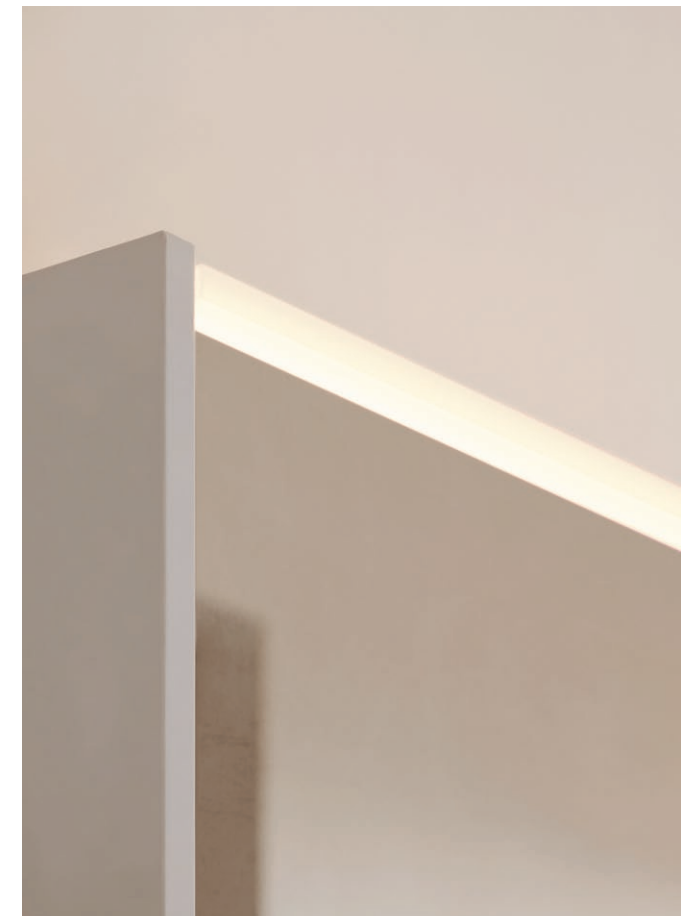

For the sun-
lit moments
of life.

Ambience plus everyday practicality.
Minimalism plus variability. Moto comes
with a host of options and clever details.

ENLIGHTENED. The mirror cabinet with horizontal LED strip provides plenty of light. Beneath the mirror is a recessed shelf space for placing pretty things.

The LED light strip offers scope for creativity:
it can be mounted proud above the mirror ...

...or discreetly recessed within the
cabinet. You decide during installation.

Furniture

Striking design with a soothing impact. Moto brings clarity and harmony to your bathroom.

IN LOVE WITH DETAILS. The interior of the mirror cabinet glows with warm wood and incorporates an E-box with power socket and two USB-C ports.

CLEAN EDGES. The mineral cast washbasin from Moto mirrors the form of the raised front panel below. The basin itself rises to a sloping plane at the rear, with laying surface on either side.

MOOD-MAKER. A matt white frame surrounds a base unit finished with melamine in classic oak decor. The warm woodgrain gives Moto a natural aura – without compromising the sharpness of its lines.

Italian flair for everyday use.
Plus a wealth of ledge, shelf and storage space.
Moto likes things neat and tidy. You too?

DOUBLY DESIGNED. The raised front panel is a real design feature – complete with ergonomic 45-degree bevel, it provides a handgrip to open the drawer.

SHELF UPON SHELF. The units too marry design and functionality. Behind the divided doors is a wealth of storage space.

TERRACOTTA DREAMS. Terracotta and clay colours evoke memories of Italy. With Moto, you can combine colours and materials to create your very own design. The shelf lighting in the mirror cabinet also adds a pleasant touch.

sys20 MOTO

ORGANISATION AND ORDER are second nature to Moto. Every compartment has its purpose, each design element its function. The raised front panel serves as a handgrip to open the drawer. Finished with a 45-degree bevel, it is a joy to touch.

A ceramic washbasin that makes a bold statement. Embracing matt black, Moto melds washbasin and vanity unit into an aesthetic whole.

Interior design
at its purest. Moto
slots effortlessly
into different
room and colour
concepts.

Moto's prime strength is its versatility. With just a few elements, it creates a powerful charm – even in small bathrooms. Its clean-cut contours convey a timeless serenity – a key characteristic for a design that's meant to last. Moto shows how important the combination of colour, surface and materials can be for interior design.

POWERFUL. Vibrant colours inject energy into the bathroom. The ceiling and floor echo the colour scheme.

PASTEL COLOURS. Soft-hued tones harmonise well with light-coloured walls or wood.

GUEST BATHROOM. Mineral cast washbasin with vanity unit and mirror cabinet with open shelf. The bevel-edged Moto handgrip has been rotated by 90 degrees.

SMALL BUT NEAT. In the guest bathroom, every inch of ledge, shelf and storage space counts.

PRACTICAL. Door mirrored on both sides plus LED lighting, E-box and shelves.

sys30

NEW WASHBASIN. The mineral cast rectangular Crono washbasin is now available in the sys30 system line – complete with vanity unit. A double washbasin, it features a flat, generously dimensioned ledge space in the middle. Four drawers in two sizes provide additional storage.

NATURAL OAK adds a stylish touch. With their rounded corners and warm wood-grain, these solid wooden handles are the nearest thing to nature.

SQUARING THE CURVE. With its clean lines and smooth contours, this countertop washbasin is a real design object. At a depth of 150mm, the cast mineral basin is a big hit that can take its place in any bathroom.

Vanity top washbasins are right in fashion.
No wonder: they merge with the base unit to deliver a modern design and provide plenty of space for everyday items.

SYMMETRICAL OR ASYMMETRICAL.

The 1,214 mm washbasin places the basin either in the middle or offset. The asymmetric option features a particularly wide laying surface.

PRODUCT
OVERVIEW

IMPRESSIONS

BURGBAD CLEANFLOW Washbasin with innovative outflow and overflow-protection system incl. trap and cover. Standard: continuous outflow. Optional: fillable with cleanFlow+. Requires a mixer tap without pull rod.

burgbad cleanFlow

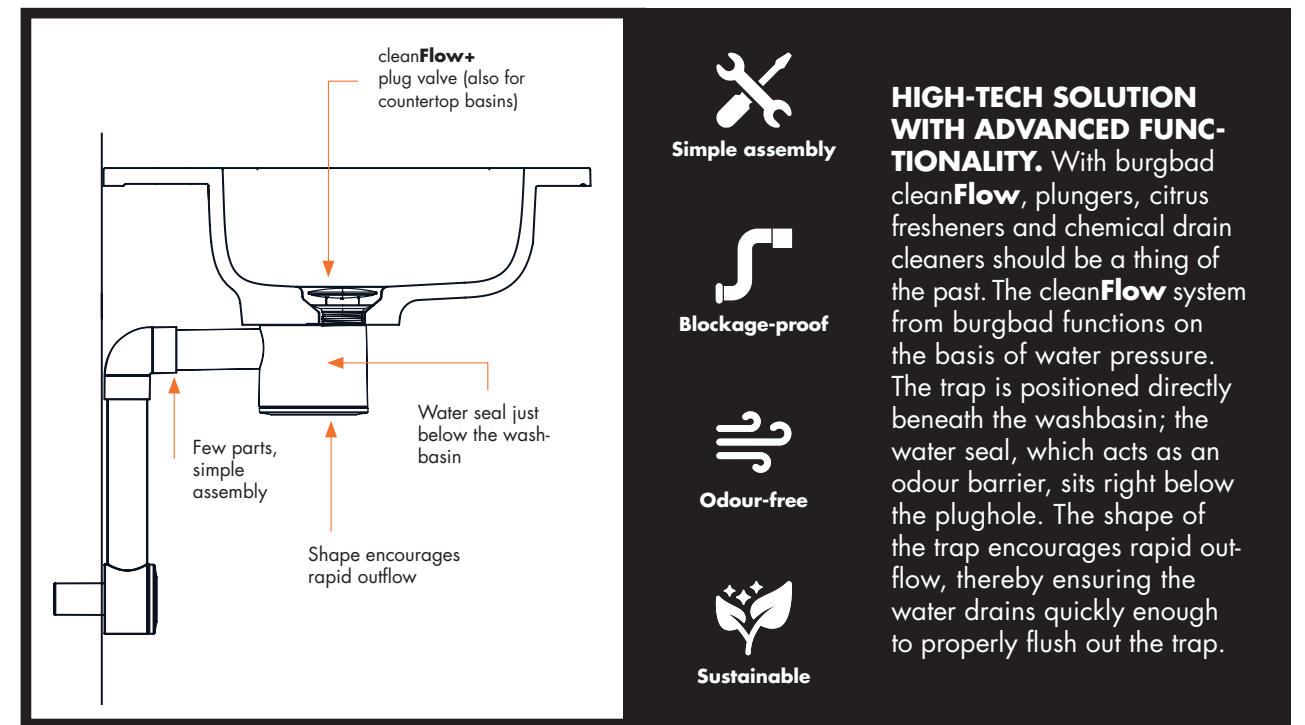

A hygiene upgrade for your bathroom.

This innovative siphon from burgbad revolutionises plumbing and hygiene in and around the washbasin.

NEW

ALWAYS INCLUSIVE. From 2025, every burgbad ceramic and mineral cast washbasin without an overflow aperture will include the new cleanFlow siphon as standard. The benefits: compact design, easy installation and cleaning, and improved hygiene.

OPTIONAL OVERFLOW PROTECTION.

The trap features continuous outflow as standard. The burgbad cleanFlow+ plug valve with push-to-open function is optionally available. This patented plug valve enables the basin to be safely filled with water – including countertop washbasins.

cleanFlow

CERTIFIABLY SUSTAINABLE

What guarantees do you have that your bathroom furniture from burgbad is manufactured sustainably? That our products are high-quality and long-lasting is just one of many considerations. Our aim is that you should enjoy your bathroom for many years to come – and that you should do so in a number of ways.

We regularly subject our products and our manufacturing processes to strict tests conducted by external auditing bodies. For example, we have held the “Golden M” quality mark, awarded by the German Furniture Quality Association (DGM), since 1992. The DGM’s test criteria are based on rigorous quality, environmental and emission standards.

In 2016, we became the first producer of bathroom furniture to manufacture according to the DGM criteria on climate-neutral production. From that moment onwards, our goal has been to continually reduce, year on year, the amount of CO₂ emissions that we are required to offset.

All our bathroom furniture is PEFC-certified, meaning that only wood from sustainably managed forests is used.

In 2020, we took a further step along this road with “Blue Angel” certification for our Eqio line. We deliberately opted for a collection from the entry-level sys10 line in order to show that cost-effective manufacturing and sustainability need not be mutually exclusive. The experience gained from such a complex certification process has enabled us to continuously improve both our internal and external processes. We are proud to have met the high requirements of this seal of approval – and to have continued to do so, as evidenced by our renewed certification in 2024 by Germany’s oldest environmental label.

Starting in 2020, we have prioritised reliable and traceable supply chains. In order to ensure sustainable manufacturing, we produce all our furniture in Germany or in France (burgbad France).

Since 2020, all of the furniture manufactured at our Schmallingenberg and Greding sites officially bears the “Furniture Made in Germany” label. The requirements for this standard are defined by RAL, the renowned German institute for quality standards and labelling. The origin of your bathroom furniture is monitored by the DGM.

All of these facts are also reflected in the rating we have received from EcoVadis, one of the world’s largest and most reliable providers of sustainability ratings in the corporate sector.

burgbad was awarded Gold in December 2021 and Bronze during renewed certification in December 2024. This performance underscores not only our achievements to date but also our clear goal of continuously improving our sustainability record.

In 2025, burgbad was awarded the “Circularly Sustainable Furniture” quality mark by the German Furniture Quality Association (DGM). This certification marks a key step towards establishing a sustainable circular economy in the industry and confirms our ongoing commitment to protecting the environment and conserving resources. Our aim is to continue developing sustainable solutions and make the manufacture of bathroom furniture even more environmentally friendly – and thereby create a future worth living.

Further information and sustainability certificates can be viewed online at: www.burgbad.com.

The DGM tests products according to the guidelines of RAL, the renowned German institute for quality standards and labelling (RAL Deutsches Institut für Gütesicherung und Kennzeichnung e. V.).

Made in Germany: since 2020 for the sys10, sys20, sys30, rc40 and RL bathroom furniture lines.

The award to Eqio (from the burgbad sys10 line) of the “Blue Angel”, German federal government’s environmental label, was confirmed in January 2024. (Valid for Germany.)

burgbad stands for outstanding quality. Guaranteed.

When designing a bathroom, the first thought is rarely about how long the furniture will last. But, here at burgbad, it most certainly is. That's because we want you to enjoy your new bathroom for as long as possible.

Ten-year guarantee with online registration. Your bathroom furniture from burgbad comes with a five-year guarantee from the date of invoice. This warranty period can be extended for a further five years – to a total of 10 years – simply by registering online. A condition of a warranty claim is that the installation was carried out by a specialised plumbing company.

Installation service. Do you require professional help to install your bathroom furniture? Then take advantage of our installation service. Place the order with us via the bathroom wholesaler.

Our own service technicians or selected plumbers will then come to your home on the agreed date.
